

First Aid and ART Courses

2021-2022

NOTE: - Due to the current COVID-19 Lockdown conditions we cannot conduct any Face to Face, Practical Training or Assessing

Due to the restrictions imposed by the current COVID-19 Lockdown, we cannot run any face to face or practical courses.

Both the First Aid and Advanced Resuscitation Courses can only be taught Face to face and practically, that being these courses are on hold until we are informed that we can resume them.

As soon as we are informed that we can resume this training courses will be announced and training will resume.

Sorry for the enduring inconvenience but unfortunately there is not much, except wait, that can be done about it
